Since our incorporation in 1957, the Wilmington-Clinton County Chamber of Commerce has worked to promote business through collaboration and communication, enhance economic and community development, and serve as a catalyst for improving the overall quality of life in the community and region.

During this time of unprecedented challenges, our mission has not waivered. The Chamber continues to serve and support our members and the entire business community, and we strongly encourage the community to do so as well in any way that they safely can. For the most up-to-date business updates and resources, please visit our COVID-19 resource page: www.wccchamber.com/covid-19.

We know that Clinton County will persevere through the challenges we currently face, knowing that we have overcome adversity in the past and will do so again. Most importantly, we want you – our businesses and fellow community members – to know that your Chamber is committed to being with you every step of the way.

We are truly stronger together.

Dessie Rogers
Executive Director
Wilmington-Clinton County Chamber of Commerce
At a time when defining “essential” businesses, workers, outings, and expenses is a daily task, you may find yourself asking, “What is the point of Chamber Membership?”

A Chamber of Commerce is a unique thing. Many people think we are a city, probably tax funded, entity. Not true. Many people think we are a marketing agency. Not true, although we do provide marketing services. Many people think we are event planners. Not in our job descriptions, although we do believe our community is enriched by having regular activities to enjoy.

At the Wilmington-Clinton County Chamber, we heavily consider ourselves to be customer service professionals. We exist to serve our business members, non-profit members, economic development partners, and the residents and visitors of our communities.

We provide word of mouth referrals on a daily basis. We manage a social media presence with broad reach. We create networking connections and new partnerships. We do graphic design and a number of other services our members can appreciate. We help your granddad find the phone number he didn’t find in the yellow pages. We help high school kids navigate their future careers. We mail informational packets out of state to people who are interested in relocating here, and we encourage them to stay in our local hotels and order our favorite menu items from local restaurants. We help newcomers settle in by giving them useful resources accompanied by a sincere warm welcome to the community. We are an information hub. We work closely with city and county leaders, economic development partners, advisory councils, regional and state entities, and more to stay in the know of things that could benefit or damage our communities. We support quality of life initiatives on many levels -- because the truth is, if nobody enjoys living in and visiting our communities, our businesses will not thrive the way we want to see them thrive.

If you ask us "what's the point of joining the Chamber" we can rattle off a list of things we will do for you/your business or organization, and we will explain that in some ways, we are like a gym membership-- the more ways you choose to use your membership, the more benefit you will see. No two people will use the exact same combination of equipment, because we recognize that different members are seeking different results. Overall, like a gym, a Chamber cultivates a healthier community.

A Chamber is many things. We are flexible and ever evolving, because that's what it takes to be forward thinking and relevant. We offer a mix of tangible benefits and intangible benefits to our members, but a vibrant Chamber is GOOD for a vibrant community.

Before you dismiss a Chamber of Commerce as non-essential for your business, please consider that Chambers are essential for community. Supporting your Chamber is doing something for yourself-- helping to build the quality of life in the communities where you live, work and play. There is most definitely a point.

THE IMPACT OF BUYING LOCAL

BUYING LOCAL INVESTS IN OUR COUNTY

Now, more than ever, “buying local” matters. Do you know where your money goes when you spend it? Consider this:

For every $100 you spend locally...
• Locally owned businesses give back $68 to the local economy
• Chain stores give back only $43
• Stores outside of the community give back $0

Not every purchase is equal.
Locally owned businesses are more likely to hire locally, more likely to source locally, and more likely to invest profits locally. That means more jobs, more investment, and more local growth in your county.

BUYING LOCAL BUILDS COMMUNITY

If it’s not all about the money for you, then consider the impact your local purchases have on our community. Our local shops and businesses provide a foundation on which our community is built. Local businesses provide us with the things we need to live, they employ our friends and neighbors, and they serve as our community gathering places.

Like a neighbor, local businesses know you best. They reflect and embrace the things that make our community unique. By shopping at local businesses you are empowering business owners who value your needs and interests, and who serve as stewards of our community.
BUYING LOCAL GIVES YOU CONSUMER POWER

Buying local is about owning our local economy, and taking responsibility as consumers to make it what we want it to be. That means using our buying power to create new opportunities for businesses and entrepreneurs.

Have you ever found yourself wanting something but unable to buy it locally? What did you do? Drive to a big city to find it? Order it on-line?

Next time, instead of sending your dollars elsewhere, think about what you can do to entice a local business to provide what you want by going and talking to them. When you shop locally, not only can you easily make your desires heard to business owners, but you can bring 15 or 20 of your friends along to make the same request.

Before you know it you’ll see businesses expanding, and new business opening to meet the demand that you’ve created by BUYING LOCAL FIRST. It’s an exciting thing when you realize your consumer power.
DO YOU PLEDGE TO BUY LOCAL?

For every $100 you spend local... **Locally owned businesses give back $68 to the local economy**, chain stores give back only $43, and stores outside the community give back $0.

Like a neighbor, local businesses know you best. They reflect and embrace the things that make our community unique. By shopping at local businesses you are empowering business owners who value your needs and interests, and who serve as stewards of our community.

Taking the pledge is easy and makes a BIG impact on our community! You don’t have to spend more money (though you always could!), it’s just shifting at least 10% of your current spending from non-local businesses to local ones! According to a study conducted by JP Morgan Chase for our Buy Local First campaign, **if all Clinton County residents made that 10% shift of their existing purchases it would translate to $18 million in additional sales in the County** per year. See what a significant and positive impact we can make when we all work together to support our local businesses!

Take the pledge and learn more at
www.wccchamber.com/localfirstcc

The **Clinton County Convention and Visitors Bureau** plays a big part in the economic growth in Clinton County. We have many amenities and pertinent information regarding all facets of local attractions (our Visitor Guide is distributed all over Ohio and beyond), and the employees of the CCCVB attend expos, seminars, and events to promote Clinton County.

The CCCVB also strategically invests funds into community-based organizations and events to promote our county. These efforts are to draw new and repeat visitors to our area to create short-term and long-term internal and external revenue to our organizations, businesses, hotels, restaurants, recreational, shopping, etc.

We continue to build upon the successes of 2019 and are organizing and promoting top-notch nationally and regionally known entertainment to enhance events that will draw larger crowds from further distances!

We also look forward to unveiling our new and improved office/event space at **64 West Main Street** in downtown Wilmington later this year! Find out more information at [www.clintoncountyohio.com](http://www.clintoncountyohio.com).
2019 was a GREAT year for Clinton County! Your Convention & Visitors Bureau invested more than $300,000 in community festivals, economic development initiatives, and exciting new events. The Corn Festival had a record-breaking year in attendance and revenue, and we expect Rock the Block to only continue growing and attracting visitors from all over the Tri State. In 2019, the Bureau also partnered with Blanchester, Sabina, and Port William on well-attended summer events.

2020 has started out as a challenging year for us all. While our event schedule may look different over the coming months, we are optimistic for the future - knowing that we are all Clinton County Strong. More than ever, the Bureau remains committed to our partnerships and invested in our community.
Great things are happening at the Wilmington-based air transportation company, Air Transport Services Group, Inc. (ATSG) and its subsidiaries. 2019 was a year of record financial performance, as the company’s major initiatives over the last several years yielded substantial gains in revenues, operating income, and cash flow.

ATSG began 2019 as a much larger company, with passenger as well as freighter aircraft in its fleet and the U.S. Government—primarily the Department of Defense (DoD)—as its largest customer. This is due to the November 2018 acquisition of Omni Air International based in Tulsa, OK. This acquisition diversified their fleet and customer base with DoD making up 34% of the company’s 2019 revenue, Amazon and DHL represented 23% and 14% respectively with 29% being of mix of other customers including UPS, Delta, United, and Frontier to name a few.

Our current in-service fleet totaling 98 includes, 42 Boeing 767-300 freighter and eight that are in a passenger configuration, plus a total of 36 Boeing 767-200s with 33 in cargo and 3 in passenger service, eight Boeing 757-200; plus 3 Boeing 777-200 passenger aircraft and one Boeing 737-400 freighter.

ATSG is currently the global leader in freighter aircraft leasing and will add additional aircraft in 2020. Rich Corrado, ATSG President said, “No other company in the world can compete with our bundle of services for midsize freighters, including leasing, air express operations, heavy maintenance, freighter conversions, and logistics services.”

All this growth is good news for the 4,000+ employees that make up the ATSG companies. ATSG is a company with exceptional people working together who understand the success of the ATSG companies impacts everyone: the employees, the customers, and the community.

A career at an ATSG company means you Work Globally and Live Locally. As the world’s largest freighter lessor, they have a global reach but believe in community and enriching the lives of employees with opportunities to make an impact. This is a simple but effective management approach that has stood the test of time and changing business environments.

ATSG is focused on providing customers reliability and service they can trust while strengthening relationships with their employees by believing every employee makes an impact, a diverse organization strengthens the company and when as they grow everyone benefits because they share in the success.

The Melvin Stone Company has been in operation since 1919 proudly serving the community and supplying material to the CCC Highway, which was the first major road connecting Cincinnati to Cleveland. Since then, Melvin Stone has grown out of the time of steam engines and pick axes to a more automated and sophisticated means of production. Demand for commerce has grown with time and so has our desire to meet that demand and help grow our nation’s infrastructure.

We offer a variety of products from Crushed Stone, Sand and Gravel. Through the process of crushing, screening and washing, we are able to produce an Ohio Department Of Transportation (ODOT) approved product used extensively in Asphalt, Concrete, Road Base, and Commercial/Residential construction. We also provide material for agricultural and environmental purposes. Melvin Stone offers 13 different locations for the convenience of our number one asset, our customers. From on site crushing and stockpiling to shipping material by rail, we offer products available for pickup or delivery across the Southern half of the State.

The News Journal — keeping Clinton County connected.

The city of Wilmington was founded in 1870 and just twenty years later, we established the first bank in town. Wilmington Savings Bank has been a foundational part of the growth of the Wilmington community over the past 125 years. Our secret to success: the people and community we serve.

Wilmington Savings Bank is a strong pillar in the finances in our local communities. We are personally invested in the dreams and success of the customers we serve. We have been able to assist families throughout our communities to buy new homes, renovate homes, purchase new cars, launch new businesses, invest in family farms, and more.

When you become a part of WSB you’re not just a number, you’re family here. Our qualified team will take the time to know your needs so we can offer you the best advice and services to benefit your goals.

Wilmington Savings Bank offers a wide array of services to meet any banking need.

But most of all, we’re not just in this town—we are a part of it. We were from the day we first opened our doors to serve the original residents of Wilmington, Hillsboro, and the surrounding areas. We’ve seen the banking industry evolve and grow over the last 125 years and we will continue to support you, your family, and your legacy for years to come.

Celebrating the past 10 years
as a major employment center

Since gaining ownership of the Wilmington Air Park in 2010, the Clinton County Port Authority has invested over $5 million in the Air Park. Employment has increased from 750 to 4,000 while 13 businesses now call the Air Park home, up from four.

Together, our community has significantly changed the conversation about the Wilmington Air Park. Air Carriers, business prospects and vendors are contacting us - they’ve heard our story, they’ve seen the success here, and they know the path we’re on. We are grateful for the businesses that have invested and grown here, thankful to the leaders who had the faith and vision to undertake this project, and proud to be part of this amazing community. We’re looking forward to the next 10 years!

Southern State TRUCK DRIVING ACADEMY
800.628.7722 x4560 | www.sscce.edu

Training Benefits

- **160 hours** of comprehensive training
- **Practice time** behind the wheel, and plenty of it!
- **Free** lifetime **job placement assistance**
- **Two programs**:
  - Weekday classes run four weeks
  - Weekend classes run eight weeks
- **State-certified instructors** with a minimum of three years’ experience and licensed with the Ohio Division of Public Safety
- **Modern equipment**, comparable to that operated by local and national trucking fleets today
- **Third party testers**, including the State Highway Patrol.
- Additionally, we partner with respected logistics providers to place our graduates. Major trucking firms prefer to hire graduates from **qualified programs** such as ours.
- At the end of your program, you have the potential to earn $45,000 - $55,000 in your first year.

Training Locations

**Pike County CTC**
Rio Grande
(Main campus, Pomeroy, and Jackson locations)

**South Point**
Wilmington
