Because There Are Moments

You Just Can’t Miss

There are lots of good reasons to get a lung cancer screening, but you really only need one. And if you’re not exactly sure what that is, just ask the people who love you. Because with early detection of lung cancer you’ll have a better opportunity to live the moments they don’t want you to miss.

Southern Ohio Medical Center

Contact SOMC to learn more about our lung screening program at 740-356-LUNG.
